ABOUT ME

Highly motivated and inspired to build a career in a growing organization, where I can get the opportunities to prove my abilities by accepting challenges, fulfilling the organizational goal, and climb the career ladder through continuous learning and commitment.

WORK EXPERIENCE

Sri Lanka Telecom- Ragama OPMC – Ragama, Sri Lanka

City: Ragama | **Country:** Sri Lanka

Technical Support & Customer Service Specialist

[01/03/2021 – 29/03/2024]

- **Independent Support Resolution**: Independently handled and resolved internal support requests, collaborating with IT and business teams to meet **Service Level Agreements (SLAs)** and internal **KPIs**.
- **Customer-Centric Support**: Delivered prompt, accurate solutions for 80+ employees, maintaining a customer-first mindset and building trust across departments.
- **Analytical Problem-Solving**: Applied **SQL** knowledge to diagnose and correct data discrepancies in employee records and ERP databases.
- **Technical Environment**: Partnered with IT teams to integrate ERP processes and create small automation tasks using **Java**, **PHP (Laravel)**, **HTML**, **CSS**, and **JavaScript**, drawing on experience from academic projects.
- **Independent Ownership**: Managed workload and priorities without direct supervision, demonstrating agility when business needs shifted.

SLT Human Capital Solutions – Colombo 01, Sri Lanka

City: Colombo 01 | **Country:** Sri Lanka

Customer feedback representative

[11/04/2016 – 28/02/2021]

- **Call-Queue Management & Live Support**: Managed **high-volume call queues**, providing first-line technical assistance and real-time resolution of customer issues while maintaining SLA response times and service quality.
- **Customer-Focused Communication**: Delivered clear, confident explanations to a diverse customer base, adapting to both technical and non-technical audiences.
- **Technical Growth**: Applied programming knowledge from university projects, such as the **Online Tailoring Web Application** (Laravel, PHP, JavaScript) and **Student GPA Calculator** (Java, MS Access), to strengthen troubleshooting skills and explore small automation ideas.
